

Trades of Hope Natalia Blend

frothy **COFFEE**
recipe card

ingredients:

- 4 Tbsp Brewed Natalia Blend Coffee
- 4 Tbsp Sugar
- 4 oz Milk, Cold
- 2 oz Natalia Blend, Cold (Optional)

directions:

- **Step 1:** Make Whipped Coffee - Combine the sugar and hot coffee in a mixing bowl.
- **Step 2:** Use an electric hand mixer or stand mixer to mix coffee and sugar on medium to high speed for about 5 minutes, or until the froth forms.
- **Step 3:** Fill a glass with ice and add cold milk and/or cold coffee. Top with whipped coffee, and serve with a spoon for mixing!

enjoy!

tips:

Use leftover coffee to fill an ice cube tray and make coffee ice cubes in advance! As they melt, your coffee won't get watered down.

If you like your drink less sweet and more coffee-flavored, make sure to add additional cold coffee to your milk before topping it with the whipped coffee.
